DECLARATION OF INVENTOR TOMAS PABLO SANTIBANEZ-VIANI

Mail Stop: Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

I, Tomas Pablo Santibanez-Viani, do hereby declare as follows:

I. I am one of the two inventors for U. S. utility patent application serial number 10/596,983, the U. S. national phase of PCT/EP2004/014685 with international filing date of December 23, 2004, claiming priority to a Chilean Patent Application No. IS-2004 of January 5, 2004.

2. On June, 2005, co-inventor Ernesto Vicente GRAMSCH-LABRA agreed that after the PCT international application, a U. S. national phase would be filed before the United States Patent and Trademark Office.

3. On July 3, 2006, I sent via messenger to the co-inventor Ernesto Vicente GRAMSCH-LABRA's home residence located at Alvaro Casanova 329A, Casa 3, La Reina, Santiago, Chile, a copy of the U. S. application papers (specification, claims and drawings), an acceptable Oath and Declaration, and the corresponding Power of Attorney as Assignment for review and signature. At the time of this delivery, both my Chilean representative, Milena Alcayaga, and I, were aware that GRAMSCH-LABRA's home address was valid and correct. This address continues to be a valid address. I attach a copy of letter which was sent by registered post.

4. On August 10, 2006, and October 2, 2006 I tried contacting co-inventor GRAMSCH-LABRA to determine the reason why we had not received back the executed application papers (specification, claims and drawings), an acceptable as signed Oath and Declaration, and the corresponding Power of Attorney.

5. I had my secretary [or associate, or assistance] try on several occasions to contact the co-inventor by telephone about executing the Declaration and Power of Attorney and Assignment that I am aware are in their possession.

6. On October 20, 2006, I was informed by co-inventor GRAMSCH-LABRA, on a telephone call I originated requesting a status on the document, that he would not execute the documents because he was not interested in pursuing the application in the United States. I informed co-inventor GRAMSCH-LABRA that I required the signature of the documents because I needed to file formal documents before the United States Patent and Trademark Office.

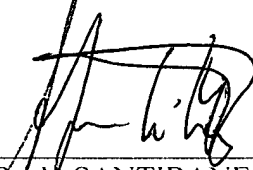

7. Despite repeated telephone calls to co-inventor GRAMSCH-LABRA, I have not received the required Declaration and Power of Attorney and Assignment documents.

I declare under penalty of perjury that the foregoing is true and correct.
